

ENOSS CONFERENCE 2021

BACK ON TRACK : NEW WAYS

Hosted by Sportlycée Luxembourg

Online, 1-2 December 2021

THE NETWORK

Unlocking the European dimension of sport schools.

ENOSS is a unique platform for European sport schools and associated talent support models to connect, learn and co-create. An annual conference serves as the catalyst for innovative dual career practice across borders.

Connect.

ENOSS enables the international cooperation of like-minded institutions and facilitates the mobility of talented athletes and professionals.

Learn.

ENOSS provides exclusive access to innovative dual career practice and contributes to improve service quality in European education and sport institutes.

Co-create.

ENOSS interlinks European expertise and inspires the joint development of transnational projects in the areas of sport, education and youth.

ENOSS is powered by

THE CONFERENCE

In the COVID-19 crisis, institutions across Europe were asked to come up with new strategies to navigate their systems through wild waters. The ENOSS Conference 2021 "Back on Track : New Ways" will strive to help sport schools and talent support models share, discuss and exploit the manifold innovation that has been created across Europe during this difficult period.

The conference will be hosted by Sportlycée Luxembourg. As a fundamental puzzle piece of the Luxembourgish dual career system, the institution is a public sport school with the mission to help talented athletes combine sport and education on secondary level.

3:00 p.m. **Closing of Conference**

A watercolor-style map of Europe is centered in the background. The map is divided into various colored regions, including shades of blue, green, yellow, orange, and pink. The colors are soft and blended, giving it an artistic, hand-painted appearance. The map covers most of the European continent, including Iceland, the British Isles, Scandinavia, and parts of North Africa and the Middle East.
